

# Memo

<b>To:</b>	SCOC Residents, Families and Staff
<b>From:</b>	Mary Hoare CEO
<b>Date:</b>	May 15, 2020
<b>Subject:</b>	COVID-19 Update

**I am happy to report that as of this date St. Clair O'Connor Community has been declared COVID-19 free and out of outbreak status!!**

I urge you to continue to be diligent as there still is COVID all around us. Please continue to stay in as much as possible and if you need to go out for any reason wear a mask and wash your hands when you get home.

We will not be resuming life here as before; there is now a “new-normal” that must be carefully designed to prevent another wave of infection. The Leadership Team guided by Toronto Public Health and the City of Toronto is busy planning what that is going to look like and how it will be taking shape. In the weeks to come details of how we plan to open our tearoom, dining room, adult day program, SALC and housekeeping/laundry services will be communicated to all of you.

Toronto Public Health has agreed to conduct a COVID-19 swabbing clinic for all Residents in the independent living apartments on May 21, 2020. Further details will be communicated to you in the coming days. I urge all residents who have not yet been swabbed for COVID-19 to participate.

We wish to thank all our front-line heroes for the hard work, dedication and sacrifice they gave to our Residents to keep them safe; we are very proud and thankful to all of them.

**Mary**

CEO
