There are **NO** confirmed cases of COVID-19 in our Independent Living Apartments. This week no Residents in the independent apartments displayed possible symptoms of COVID-19.

As of this date there are **NO** active cases of COVID-19 in members of staff.

I understand that many of you are tired of the isolation and loneliness you have been experiencing over the last 48 days but please do not give up, we are almost there. This is not the time to forget all the sacrifices you have made to make SCOC a safe place to live. Remember to continue to shelter in place and if you should need to go out always wear a mask and practice social distancing.

I want to wish everyone a Happy Mother's Day and although you cannot be physically together you can be together in spirit and virtually.
